Catalog Update February 2011

Producers Daniel Webb and PC Peri talk about a recent program in the "Nineteenth Busiversary" (VB #77.8&9)

Flying Focus Video Collective is now in its twentieth year producing video as a tool for social change, voicing the voiceless, having come together in 1991.

Programs included in this catalog update were produced between August, 2010 and January, 2011 in part through the facilities of Portland Community Media (PCM). Views expressed do not necessarily reflect those of PCM, Flying Focus, nor any group or individual appearing on the programs. Check our website to see clips from some of our programs via YouTube.

This update is the second to accompany our **2010-2012 Catalog**; insert it behind the front cover to create a full copy. If you don't yet have a copy of the full catalog and would like one, send us \$3, or download the .pdf from our website.
