Catalog Update August 2010

Carl Talton describes the history of economic devastation to Portland's black communities in "Development of Gentrification in N/NE Portland" (VB #74.4&5)

Flying Focus Video Collective has now been producing video as a tool for social change, voicing the voiceless, for nineteen years, having come together in 1991.

The programs included in this catalog update were produced between February and July, 2010 in part through the facilities of Portland Community Media (PCM). Views expressed do not necessarily reflect those of PCM, Flying Focus, nor any group or individual appearing on the programs. Check our website to see clips from some of our programs via YouTube.

This update is the first to accompany our **2010-2012 Catalog**; insert it behind the front cover to create a full copy. If you don't yet have a copy of the full catalog, send us \$3, or download the .pdf from our website.
